PROFESSIONAL SUMMARY

Training Delivery Specialist with five years of full-stack engineering experience in Angular and Ruby on Rails. Designs and delivers technical training programmes for development and QA teams, including the exercises, documentation and assessments that go with them. Previously led development on a community platform serving 50,000+ users, with production experience across payment integration, headless CMS, analytics and CI/CD. Hackathon mentor, judge and speaker.

TECHNICAL SKILLS

Training & Facilitation: Training Delivery, Curriculum Development, Workshop Facilitation, Instructional Design, Assessment Design, Adult Learning Principles, Technical Onboarding, LMS Administration

Marketing & Analytics: Google Tag Manager (GTM), Email Marketing, Campaign Workflows, Marketing Analytics, Content Creation, Google Workspace (Docs, Sheets, Slides, Meet)

Front-End Development: Angular, TypeScript, JavaScript, HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap, Nebular UI

Back-End & Databases: Ruby on Rails, SQL, PostgreSQL, REST APIs, Razorpay API, Sanity.io (Headless CMS)

Tools & Platforms: Git, GitHub, GitLab, GitHub Actions (CI/CD), Figma, Sentry, NPM, Schema.org, AI Coding Agents

Practices: Agile / Scrum, Code Review, Mentoring, Cross-functional Collaboration, Stakeholder Communication, Technical Documentation

PROFESSIONAL EXPERIENCE

Training Delivery Specialist - Google Operations Center

August 2026 - Present | Gurugram, India

- Design and deliver technical training programmes for business teams, covering front-end fundamentals, HTML/CSS and email campaign workflows.
- Develop training material, exercises and reference documentation that learners use during and after sessions.
- Assess training effectiveness and adapt content based on learner progress and stakeholder feedback.
- Partner with business stakeholders to align training outcomes with operational goals.

Lead Software Developer - Commudle

May 2024 - August 2026 | New Delhi, India

- Architected and delivered an end-to-end hackathon platform from zero to production, covering registration, team management, admin panel, sponsor rounds, mentor slot booking and scoring.
- Designed and shipped a Razorpay e-mandate integration for recurring subscription payments, coordinating across product, design and finance.
- Optimised database schema and query performance, improving scalability as the platform grew to serve 50,000+ users.
- Set up CI/CD pipelines with GitHub Actions and supported AWS cloud architecture planning.
- Introduced the team to AI coding agents, producing documentation and configuration to support adoption.
- Designed and delivered internal onboarding and technical training for new developers, covering Angular architecture, Rails API patterns and production workflows.
- Mentored junior and mid-level engineers through pair programming, code reviews and 1:1 knowledge-transfer sessions.
- Facilitated Agile ceremonies - sprint planning, stand-ups and retrospectives - for a cross-functional team.

Software Developer - Commudle

August 2022 - April 2024 | New Delhi, India

- Built and optimised a reusable Angular component library, improving frontend load times by 20% and accelerating feature delivery.
- Integrated Google Tag Manager for real-time marketing analytics and campaign tracking, removing redeployment overhead and giving marketing stakeholders self-service control.

- Documented technical processes and translated engineering decisions into clear language for product and marketing stakeholders.

Software Developer Intern - Commudle

May 2022 - July 2022 | New Delhi, India

- Developed responsive Angular interfaces supporting 10,000+ monthly active users.
- Integrated Sanity.io as a headless CMS, reducing content update turnaround by 30% and enabling non-technical staff to manage content independently.

Technical Support Executive - Netplus Broadband Pvt Ltd

December 2020 - April 2022 | Ludhiana, India

- Resolved a high-volume queue of 50+ daily tickets covering ISP server and network connectivity issues.
- Trained and coordinated a team of 4 technicians, improving average ticket resolution time by around 25%.

Social Media & Content Specialist - BBSBEC

November 2019 - November 2020 | Sirhind, India

- Managed the college's official Facebook and Instagram channels - content creation, scheduling and campaign execution - growing student engagement by around 40%.

Teaching Assistant (Technical Trainer) - Coding Ninjas

April 2020 - August 2020 | New Delhi, India

- Designed and delivered learning modules on Node.js fundamentals, frontend development and debugging for a cohort of 50+ students.
- Created assignments, coding exercises, assessments and evaluation rubrics to measure learner progress and adapt content.
- Facilitated 1:1 and group coaching sessions, guiding learners through full-stack projects.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology

2016 - 2020 | Baba Banda Singh Bahadur Engineering College (MRSPTU), Punjab, India

CERTIFICATIONS

- Introduction to Email Marketing - Google, via Coursera (September 2026)
- Angular Basics - HackerRank (May 2025)
- SQL Basics - HackerRank (May 2025)
- Back End | Full Stack Web Development (Node.js) - Coding Ninjas (2019-2020)
- Front End | Full Stack Web Development - Coding Ninjas (2019)
- Java Foundations with Data Structures - Coding Ninjas (2018)

SPEAKING, MENTORING & COMMUNITY

- Resource Person, Maharaja Agrasen Institute of Management Studies, Delhi - hands-on workshop on AI-assisted coding for 50+ students (October 2026)
- Mentor, NexHack 2.0, NexVerse IITM - national-level hackathon, online screening round (September 2026)
- Mentor, Hack Days Delhi, Commudle Developer Network - received mentor award (June 2026)
- Judge, The Dev Arena, GDG x CULMYCA, JC Bose UST (April 2026)
- Mentor at Code Nakshatra 2.0 (May 2026), HackNagpur 2.0 with GDG Nagpur (January 2026) and HackFest with GDG Cloud New Delhi (November 2025)
- Speaker, "Get Started with AI" workshop, Meerut Coders (August 2025).

KEY ACHIEVEMENTS

- 1st Place, Web Design Competition, Baba Banda Singh Bahadur Engineering College (2018)
- Main Leader, Institution of Engineers (India) Student Branch, and IEEE Student Branch Member (2017-2020)
- Recognised as Best Organiser across multiple technical workshops and seminars
